jgi announces final round of 2022 functional genomics awardees

## Results

---

### JGI@25

... Celebrating 25 years of **genomics** research **2022** marked the **JGI's** 25th anniversary. We revisited a ...

[Learn more](#) →

### JGI Portals

... The **JGI's** data stewardship expertise and infrastructure enable a broad community of scientists and engineers to leverage our data to develop ... accessibility are critical requirements for amplifying the **JGI's** impact. Data generated from a single investment will ...

## JGI announces final round of 2022 Functional Genomics awardees

... Twice each year, the **JGI** accepts proposals for state-**of**-the-art **functional** ... **of** gene and genome function. Below find a list **of** the **final** six researchers accepted for **2022**. Proposals are accepted year-**round**; the next deadline is July 31. You can learn more ...

[Learn more →](#)

## Environmental Genomics Group

... develop computational approaches to sift through thousands **of** metagenomes for signatures **of** viruses and novel microbial lineages, and reconstruct ... communities and ecosystem function. The Environmental **Genomics** group also hosts the Viral **Genomics** group . ... Our research focuses on the assembly **of** metagenomic sequence data into microbial genomes, which ...

## CSP Functional Genomics

... The CSP **Functional Genomics** call is to enable users to perform state-**of**-the-art **functional genomics** research and to help them ... function. The

emphasis is on projects leveraging **JGI's** DNA synthesis and 'omics capabilities to enhance ... data usage by the applicant/community, and track record **of** the applicant. Learn about the general review process or ...
